

VALEO O.E. REGULATOR UPDATE

Dear customer,

today, we are happy to present you with the latest benefits of our updated VALEO OE regulator portfolio:

- Improved terms & conditions
- Range expansion
- Solid stock of high runners

Visit your customer area @ www.IKA-germany.de for the improved prices or contact your customer representative.

On top of our OE portfolio, we have more than 400 different regulator part-numbers in stock. Get the GE BE Compass App and search by reference-, unit-, GE BE product number or vehicle application.

best regards,

your IKA Germany team

GEBE Compass & GEBE Compass App Always up to date

Discover the GEBE product range for high-quality spare parts for starters and alternators, engine management components and relays and switches.

Multiple filters allow for efficient browsing of more than 15,000 different part-numbers: Search and find products by reference-, unit-, GEBE product number or vehicle application.

As the GEBE product range is continuously broadened, our Compass App will always provide you with the latest after-market innovations.

The App is available @ the Google Play Store & the Apple iTunes store.
