

Difficult times require strong partners

IKA is dedicated to maintaining our support to you, our partners!

Our doors remain open, our business continues, together we move forward through good and difficult times.

Availability of your sales representative is guaranteed:

If you need the support, please contact your GEBE sales manager as usual by phone or email.

Strategic positions including PM are working from home and are minimizing social contacts to secure our service.

Stocks and logistics:

Logistics and transit will step by step be exposed to further regulations and thus potential delays.

We are working full steam ahead to ramp up stock, maintain our healthy buffer and secure your shipments.

As the situation changes daily, please stay in close connection to your IKA contact, we are here to help.

GEBE Compass is available 24/7 as usual

All the best to you and yours from your IKA Team
Partnership in action!

IKA introducing HID Xenon Modules

- Great market coverage with just 20 models, strongly rising demand for aftermarket solutions
- High-grade, precision machined metal housings, just like OE parts
- Optimized connections and electronics to achieve best compatibility

Fuel Pump Modules / Fuel Pumps

- Made by fully automated production with high grade materials, incl. Schunk carbon brushes
- Laser measured matching of rotor and stator for highest efficiency and reliability
- best market coverage for individual fuel pumps as well as fuel pump modules

Your sales consultant is ready to support with additional product information and cross-price lists today.
